

Challenge: Design an Urban Block

Requirements:

Block must be 300' x 300'

Block must have a 3' sidewalk adjacent to the street all the way around

Must include retail, restaurant and office space

Must include small park

Components may be used for the following:

Landscaping

People

Cars

Doors and windows in buildings

Remember to put in the components last as they will slow down the computer.

Save it in your working folder
